NOTICE BOARD

From Ashley McDonald

On behalf of the family, we like to extend a sincere thank you to all those who joined us in celebrating Mum's life and for all of the cards, messages, thoughtfulness and love.

Thank you must go to Mackenzie, the P&C ladies and the community for feeding the masses, Mum would have been chuffed. To Callum Tonkin and the Cricket Club for supplying the refreshments. And to Naomi Barrett-Leonard for the beautiful songs and hymns.

A special thanks must go out to Charlie Newman and Reid Stubberfield for getting the power up and going at the rec centre and allowing us to share the day with you.

We were all moved by the Newdegate Primary School's Guard of Honour and are very proud to be part of the Newdegate Clan.

Do you know what to do in a medical emergency?

5:00 pm – 8:00 pm AWST

Location

Varley Hall Carstairs Road Varley, WA 6355

Newdegate St John Ambulance Grain Drive.

Exciting news for us in that our Development Application for re-purposing Gosling's Auto Electrical premises into our new Sub Centre was approved by the Shire in September, and although expressions of interest for quotes for the work was generally met with deafening silence, we have finally had a St John Approved builder come forward to quote for the work.

As yet, we are yet to receive any numbers, but we thought we would get on the front foot and conduct a grain drive that may help with any shortfall in funding we may require.

We already have some amazing pledges from Newdegate Community Cropping Group and Lake Grace St John Ambulance (Thank You!) to help us out, and due to current building/renovation shortage environment, all prices seem to be at premiums.

Hopefully we will know by the end of this week some firm indicative figures.

If you are willing and able, we would absolutely appreciate it if you had a few tonnes to spare, and would be keen to transfer them via Loadnet, to the following Grower Account

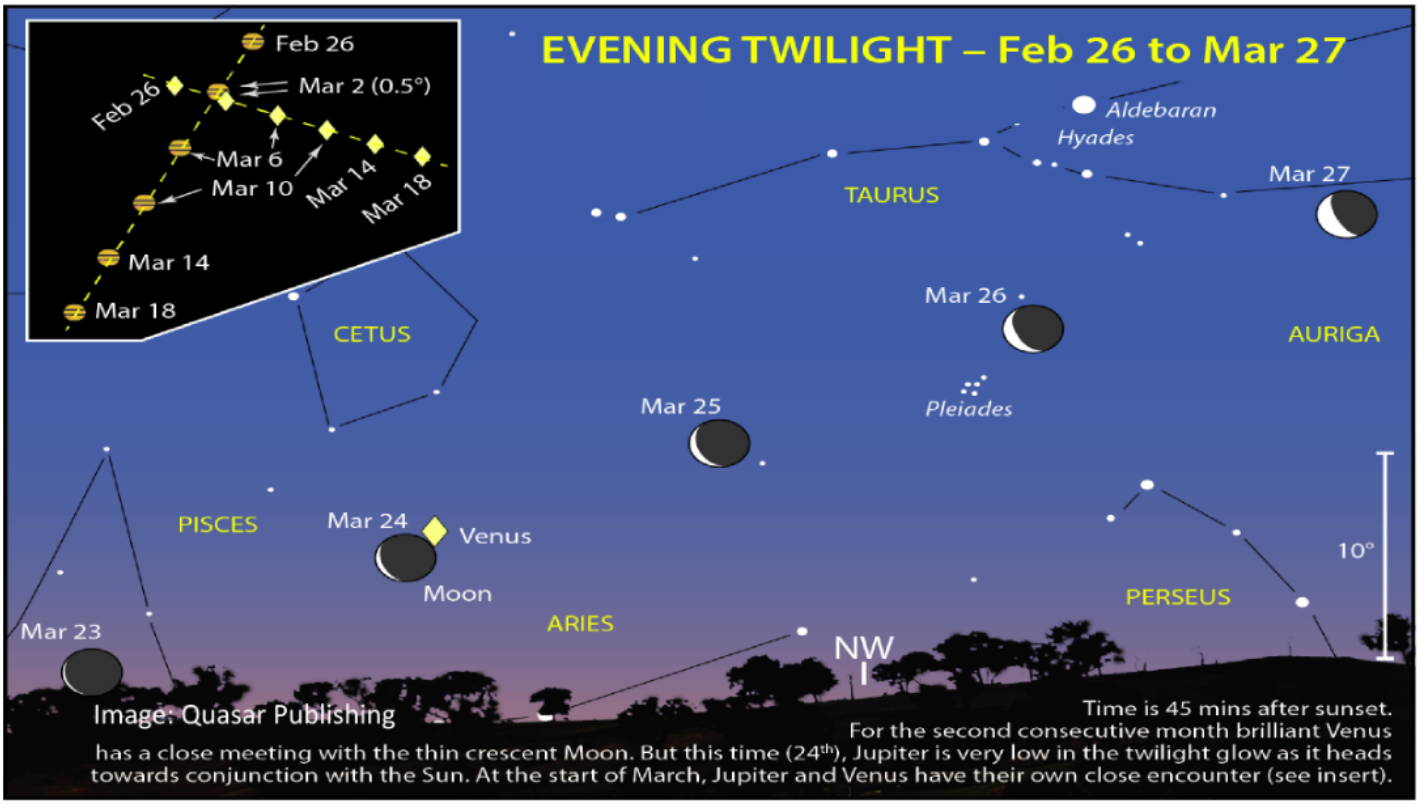
ASTROTOURISM
WESTERN AUSTRALIA

Jupiter & Venus Drift Apart| 2nd March



On the 2nd of March, Jupiter and Venus appear very close to one another in the western sky just after sunset. Over the past week, the planets have been moving towards each other, but now they are moving apart!
Watch their progress as they drift further and further apart across the next few evenings.

Use the Quasar Publishing image above as a guide. To find out more about what to see in the night sky, grab a copy of their latest Astronomy Australia almanac at Quasar Publishing.

When to look: Just after sunset on the 2nd of March

Which direction to look: Very low to the west

Something Interesting:

Venus and Jupiter are the two brightest planets in our skies. Venus's atmosphere is extremely reflective, and it is relatively near to Earth. Jupiter's atmosphere is quite reflective, but due to it's size, reflects a large amount of light back towards us.

Stargazing Discovery Tour to promote dark sky tourism to eclipse chasers

Astrotourism WA has released a series of 22 dark sky stargazing events to celebrate the Ningaloo Total Solar Eclipse and promote Western Australia's world-class night sky to eclipse chasers and visitors from around the world.

The Eclipse Discovery Tour dark sky stargazing events are planned to coincide with the weeks around the Ningaloo Total Solar Eclipse. Events begin on 25th March with the first stargazing night in Three Springs and the final event in Narrogin on 28th April. During the month-long celebration, events will cover four regions and visit towns such as Wickepin, Perenjori, Mingenew, Murchison Settlement, Gascoyne Junction and Onslow.

The aim of the events is to disperse visitors across WA's regional areas and encourage eclipse chasers to stay longer on their holidays. The events will promote WA's dark night skies and the emerging space science industry. Visitors will also be able to view through telescopes to see special Southern Hemisphere star clusters, constellations and the Magellanic Clouds, not visible in the northern hemisphere.

Western Australia's clear and dark skies offer an experience second to none for recreational stargazers and nature lovers. Dark Sky Tourism is becoming a huge new driver for visitors to WA.

Carol Redford, CEO of Astrotourism WA said: "Places such as Jurien Bay's Turquoise Coast Visitor Centre, on the Astrotourism Towns map, is receiving an average of one enquiry a day from visitors asking where local stargazing places are."

"Western Australia is perfectly placed to become the stargazing capital of the world and grow a Dark Sky Tourism economy across the State. We have many comparative advantages that make us an ideal destination to access a pristine dark night sky where the billions of stars in the Milky Way Galaxy can be seen as they are meant to be."

"The ever-increasing artificial light that spills up into the night sky, means we see less stars. More than 80% of the world's population live under a light polluted sky and as a result, the Milky Way is hidden from more than one third of humanity. Just as people travel to see natural icons such as the Great Barrier Reef, the Amazon Rainforest or Antarctica, people will travel to Western Australia to see the Milky Way.

"The development of this tourism niche offers huge opportunities for regional operators and destinations – from desert tours, traditional Aboriginal cultural experiences, nature-based camping, festivals, photography and education-based experiences."

The Eclipse Discovery Tour is supported by Tourism WA, CSIRO, International Centre for Radio Astronomy Research, Scitech and Curtin University. The tour is also supported by WA's Astrotourism Towns and 18 regional Local Governments.

The Eclipse Discovery Tour

A series of stargazing events around Western Australia, a world-class dark sky tourism destination and space science epicentre!

- Visit an Astrotourism Town
- Enjoy a dark sky stargazing event
- Stay longer and travel a dark sky itinerary

Celebrating the Ningaloo Total Solar Eclipse in Western Australia!

Astrotourism WA offers support and advice to those local Governments looking to implement strategies to develop dark sky tourism and reduce light pollution.

POLICE NEWS

LAKE GRACE POLICE STATION

56 STUBBS STREET, LAKE GRACE. 6353

Phone : 9890 2000 Fax : 9865 1429

Email: lake.Grace.Police.Station@police.wa.gov.au

Personnel: Sgt. Joshua Egan-Reid,

STATION NEWS

We've had a lot of phone calls about the prohibited firearms buyback scheme. There is a list of firearms and ammunition online which will now be prohibited. Approximately 240 people across the state will be affected by this legislation change. These people will be contacted by police directly and reimbursed for all costs of any items that are now prohibited. If you have any queries about the buyback feel free to contact us here at the station.

CRIME NEWS

We continued to have reports of burglaries on vacant properties. They have now moved into the Lake Grace township. The suspect/s are forcing their way into vacant properties via doors and broken windows. We ask that you report any suspicious people or behaviour to police immediately. Keep a particular eye on properties in your area, if anything seems out of place let us know.

Here's a few bits of burglary prevention advice:

- Burglars don't want to draw attention to themselves, which is why installing a loud, alarmed security system may deter burglars. You can also opt for monitored alarm systems, which alert the local police station when it goes off. If you do install a burglar alarm, add generic security signs or stickers to deter burglars. But don't put a sticker specifying the type of security system you have installed (e.g. "This home is protected by an XYZ security system"); this makes it easier for thieves with the know-how to disable your security devices.

- Motion activated spotlights work in the same way, drawing attention to burglars.

- A security camera may be an effective solution to help secure your home. CCTV or video surveillance is now a relatively affordable option for the average homeowner, and you can even install a video doorbell to your front door. Systems range in complexity and cost, but they offer homeowners security too – particularly while away from home or on extended holidays. No thief wants to be captured on camera.

- Some homes are built with hollow core doors. These doors are easily kicked in, so replace exterior hollow core doors with solid wood or metal doors. It's also a good idea to install lockable security screens and make sure the security film is made from a good quality material that can't be cut (e.g. woven stainless-steel mesh).

- If you have sliding doors or windows without any locks, use a window bar or cut pieces of wooden dowel to secure these from being forced open. Alternatively, install windows that open no more than 20cm to minimise the chances of someone crawling through it. Adding security measures like bars over the window can prevent people from crawling in.

TRAFFIC NEWS

In case you've missed it there are currently roadworks in the Lake Grace area. We've spoken to the supervisors at the sites and these will be in place for several more weeks.
When approaching roadworks there are temporary speed signs in place lowering the speed limited to a new posted amount. These speeds are not a suggestion and are the lawful speed limit. The speed limits stay in place for the duration the signs are up, sometimes 24 hours a day.

We've had several reports from the crews working on the road of vehicles speeding. In one incident a truck and trailer ran a red light, travelling against the traffic flow on the single open lane. A car travelling in the lane, had right of way, and was forced off the road by the truck. Thankfully no one was injured. We have the registration of the truck and are following up with the owner.

We will be patrolling these work zones and enforcing the new speed limits to ensure the road crews safety.

Take care and stay safe.
Regards

Lake Grace Police

Grain Brokers Australia Weekly Market Report

February 28, 2023

Maghreb cereal production troubled by drought…
Cereal production across the Maghreb region of northern Africa is under serious threat this season as extensive drought conditions negatively impact crop yield potential in a band stretching from Mauritania in the west to the western reaches of Libya in the east.
Morocco appears to be the worst hit country in terms of lost production potential, with rainfall registrations across much of the country since September last year being the lowest in more than 30 years. Aggregate precipitation in the three months to November 30 was 50 to 80 per cent below the long-term average.

The drought conditions caused delays to crop seeding in the autumn of up to 30 days, and some fields were simply too dry to plant. Early December rainfall was above average in most cropping areas, but recordings in 2023 to date have been below average. Southwestern Morocco is still in a multi-year drought, and lack of irrigation water meant much of the region's winter crops were not planted. Biomass accumulation across the growing season in almost all areas is reported to be well below average, leading to a poor prognosis for crop yields.

According to the latest JRC MARS crop bulletin, Morocco's planted wheat area this season is 2.38 million hectares, 11 per cent lower than the five-year average of 2.68 million hectares. The current yield forecast of 1.49 metric tonne per hectare is 23 per cent below the five-year average of 1.94MT/ha. This culminates in a production forecast of 3.56MMT, 34 per cent lower than the five-year average of 5.36MMT.

The country's barley crop is faring no better, with the planted area and current yield forecast 17 per cent and 30 per cent below the five-year average, respectively. This puts expected production at 1.04MMT against the five-year average of 1.86MMT. With the winter crop in many regions now in an advanced vegetative stage, substantial rainfall is required in the first half of March to significantly reverse the sliding yield outlook.

The situation in eastern neighbour Algeria is quite similar, where ongoing drought conditions severely hampered the autumn planting program, and vegetative crop growth has been well below average since crop emergence. The pre-seeding period from September to November saw extremely dry conditions, especially in the north-western cropping regions.

And since the beginning of December, the drought area has expanded to the central and eastern cropping regions. Rainfall registrations in many districts from December 1 to February 20 are now the lowest in more than 44 years. Cumulative temperatures in most agricultural areas were 10 to 15 per cent above the long-term average, and the average daily temperatures were as much as 2 degrees Celsius above the long-term average.

JRC MARS is calling Algeria’s planted area 1.39 million hectares, a 23 per cent deficit against the five-year average of 1.81 million hectares. The current yield forecast is 24 per cent lower than the five-year average at 1.3MT/ha, which leads to a production outlook of 1.8MMT, 45 per cent lower than the five-year average of 3.25MMT. The barley crop is performing a little better against the five-year average, down 9 and 10 per cent, respectively. As a result, forecast production currently stands at 1.19MMT compared to the five-year average of 1.47MMT.

Continuing eastbound journey to Tunisia, where substantial rainfall is urgently required to avoid widespread crop failure this season. Warm and dry conditions have dogged plant growth since planting in late autumn. Very little rain fell from early December to mid-January, and while falls since then have been far more frequent, the substance of most events was quite underwhelming.

Grain Brokers Weekly Report Cont...

Cumulative rainfall since December 1 is running at 10 to 40 millimetres, depending on the cropping region, against long- term average of 50 to 150 millimetres. In some areas, the seven-week period to December 20 ranks as the driest in more than 44 years. The mean daily temperature has exceeded the long-term average by at least 2 degrees Celsius over the same period but as much as 4 degrees Celsius in some districts.

Consequently, soil moisture deficits have been growing far quicker than the wheat and barley plants, save for the irrigated areas. Wheat production is forecast at 0.99MMT, 14 per cent lower than the five-year average but off an average planted area. Barley output is expected to be down 29 per cent against the five-year average at 0.37MMT.

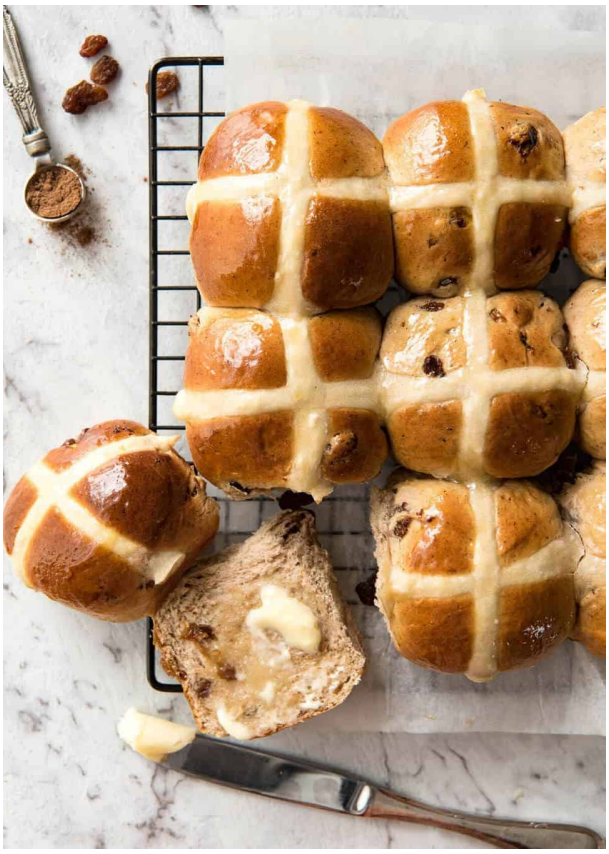
Lower cereal production across North Africa will undoubtedly increase demand for European exports, which are already running at a hotter pace than in the 2021/22 marketing year. The European Union has exported more than 19MMT of wheat to the region since July 1 last year, 6.7 per cent ahead of the previous season's shipments. The early pace was slow, with Russian supplies displacing traditional EU business, but the sales have picked up, especially into Algeria, in recent months. On the other hand, current season barley shipments to the region to early February were sitting at 3.2MMT, lagging those of the 2021/22 season by around 40 per cent.

While the European crop is currently ticking along quite nicely, any crop scares will be exacerbated by the lower production outlook on the southern side of the Mediterranean Sea. The EU is also expected to enter the 2023/24 marketing year with a weakened net export supply position relative to its main competitor, namely Russia.

The USDA is pegging EU carry-in wheat stocks for 2023/24 at just 11.1MMT, against Russia with 14.4MMT. But the USDA still has 2022/23 Russian production at 92MMT against the local analysts at more than 100MMT. Agritel appears to have a slightly more realistic balance with this season's carry-outs at 14.1MMT and 21.9MMT for the EU and Russia, respectively. Either way, the EU will enter the 2023/24 marketing year in a suboptimal position to fill the increased Maghreb wheat demand in 2023/24.

Call your local Grain Brokers Australia representative on **1300 946 544** to discuss your grain marketing needs.

Hot Cross Buns Recipe



Ingredients:

- 4 1/2 cups Plain Flour
- 2 x 7g dried yeast
- 1/4 cup caster sugar
- 1 1/2 tspn mixed spice
- Pinch of salt
- 1 1/2 cups of currants
- 40g butter
- 300ml milk
- 2 eggs lightly beaten
- 4 tbspn water

Glaze

- 1/3 water
- 4 tbspn apricot jam

METHOD

1. Combine 4 cups of flour, yeast, sugar, mixed spice, salt and currants in a large bowl.
2. Melt the butter in a small saucepan over medium heat and add the milk. Heat for 1 minute, or until lukewarm. Add warm milk mixture and eggs to currant mixture.
3. Use a flat bladed knife to mix the dough until it almost comes together, then using clean hands, finish mixing to a soft dough.
4. Turn dough out onto a floured surface. Knead for 10 minutes, or until the dough is smooth.
5. Place into a lightly oiled bowl and cover with plastic wrap. Set aside in a warm, draught free place for 1 – 1 ½ hours, or until dough doubles in size.
6. Line a large baking tray with non-stick baking paper. Punch dough down to its original size. Knead for 30 seconds on a lightly floured surface until smooth. Divide into 12 even portions and shape each portion into a ball.
7. Place balls onto the lined tray, about 1cm apart. Cover with oiled cling film and set aside in a warm, draught free place for 30 minutes, or until buns double in size.
8. Preheat fan-forced oven to 170°C.
9. To make the flour paste, mix ½ cup plain flour and 4 tablespoons of water together in a small bowl until smooth, adding a little more water if the paste is too thick. Spoon into a small snap-lock bag and snip off one corner to create a piping bag. Pipe flour paste over the tops of buns to form crosses.
10. Place into the preheated oven and bake for 20 - 25 minutes, or until buns are cooked through.
11. To make the glaze, place water and jam into a small saucepan over low heat and stir until jam dissolves. Bring to the boil for 3-4 minutes, then remove from heat. Immediately brush glaze over warm hot cross buns.

ACROSS

1) Certain term of respect
5) Caliph's faith
10) Dishonestly acquired booty
14) "The Princess Diaries" star Hathaway
15) Diving gear
16) Succulent plant

The Inter-school Swimming Carnival 27/03/2023

THE INTERSCHOOL SWIMMING CARNIVAL BETWEEN NEWDEGATE, LAKE KING AND PINGRUP WAS HELD YESTERDAY IN NEAR PERFECT CONDITIONS AT THE NEWDEGATE POOL. MOST STUDENTS WERE VERY KEEN TO ENTER THE WATER AND SWIM THEIR HEARTS OUT. THOSE THAT WERE A LITTLE TENTATIVE AT THE START FINISHED WITH HUGE SMILES ON THEIR FACES, THANKS TO THE ENCOURAGING SUPPORT FROM THE PARENT HELPERS SWIMMING WITH THEM.

THE MERITORIOUS RESULTS WERE:

NEWDEGATE PRIMARY	608.5 POINTS
PINGRUP PRIMARY	398 POINTS
LAKE KING PRIMARY	393.5 POINTS

CONGRATULATIONS TO THE CHAMPIONS:

SENIOR CHAMPION BOY	RHYS RICHARDSON/KADE LLOYD (EQUAL POINTS)
R/U SENIOR CHAMPION BOY	BEN WALKER
SENIOR CHAMPION GIRL	GRACE ORR
R/U SENIOR CHAMPION GIRL	MOLLY JOHNSTON
INTERMEDIATE CHAMPION BOY	STORM CUGLEY
R/U INTERMEDIATE CHAMPION BOY	JACK MEAD (LAKE KING)
INTERMEDIATE CHAMPION GIRL	KENDRA NESS
R/U INTERMEDIATE CHAMPION GIRL	TORAH TURNER
JUNIOR CHAMPION BOY	REGAN DELANDGRAFFT (LAKE KING)
R/U JUNIOR CHAMPION BOY	ARLO HARDING
JUNIOR CHAMPION GIRL	DUSTY CUGLEY
R/U JUNIOR CHAMPION GIRL	KATRIEN LAMBRECHTS (LAKE KING)

Acting CEO

Our sincere condolences to the McDonald family and friends in the passing of Helen McDonald. We were surprised and saddened to hear of her passing on the 4th February; wishing her family love, comfort and strength. Helen was a Councillor for the Shire from July 2001 until 2004.

Lake King AGM
Councillors Armstrong, Chappell and Clarke with Craig and myself attended the Lake King Progress Association AGM on Tuesday 7 February. They are getting prepared for their 100 year celebrations in 2028.

Annual Electors Meeting
Councillors and Staff attended the Annual General Meeting of Electors on Wednesday 8 February at Newdegate CRC, at 6.30pm. Unfortunately o members of the public were present, and all reports were completed with the meeting closing at 6.45pm. The purpose of this meeting is to Council and residents receive the Shire of Lake Grace:

- 2021/22 Annual Report, President's, CEO and Auditor reports
- Financial Statements for the year ended 30 June 2022.

Central Country Zone Meeting
Crs Armstrong, Chappell and myself attended the WALGA Central Country Zone Meeting in Corrigin on Friday 10 February; present was the Minister for Local Government the Hon. John Carey MLA who spoke to all of the Councils involved in CCZ about the new Local Government Act reforms.

New Australian Citizens
Before the Ordinary council meeting locals Kiri Ann Harwood, Malcolm Harwood and Kyle Harwood made their pledge in their final step in becoming an Australian citizens. Congratulations to the family in becoming our newest Australian citizens. Zane was born in Australia and already an Australian citizen.

Kyle, Kiri, Zane and Malcolm Harwood

Ordinary Council Meeting Wednesday 15 February 2023

- That the development application submitted by Optus Mobile Pty Ltd under authority from DP, RM & BP Sinclair (Landowners) to construct and operate new telecommunications infrastructure on portion of Lot 3007 on Deposited Plan 214431 Tuck Road, East Newdegate be approved subject to certain conditions;
- Council provided comment to DPLH on a block of land identified for possible transfer and inclusion in the Noongar Land Estate;
- Council acknowledged the letter from the Department of Planning, Lands and Heritage and advise that it has no comment or objection to the renewal of the lease over Lot 279 or to the freehold of Lots 279, 280 and 281 Mason Street, Lake Grace to Mr David Fyfe for the purpose of 'light industry'.
- Council endorsed the extension of the new Local Government Memorandum of Understanding (MOU) as detailed in the attachment for a further 5 years that will promote cooperation between the Central Country Zone local governments in emergency events.

Ordinary Council Meeting

An Ordinary Council Meeting will be held on Wednesday 22 March from 3.30pm at the Council Chambers, Administration Building.

The Agenda will be available on www.lakegrace.wa.gov.au

Everyone Welcome

A minimum of 15 minutes is set aside for public question time, giving members of the public an opportunity to ask questions relating to Shire activities.

Community Information

Roe Tourism meeting
Jo Morgan from Lake Grace Visitors Centre and myself attended the Roe Tourism Association meeting in Kulin on Monday 20 February. We are pleased to acknowledge that the Committee appointed Mikaela Spurr as the Executive Officer.

Regional Tourism Meeting
Councillors Armstrong and Chappell attended a regional tourism workshop at Kojonup on Wednesday 22nd February 2023. The meeting was called to discus the future of tourism in our region and the Great Southern, and the opportunities and challenges within the industry.

Varley Progress Meeting
Councillors Armstrong, Chappell, and Clarke with Craig and myself attended the Varley Progress Association Meeting on Thursday 23 February.

Wheatbelt South Regional Road Group Meeting
Cr Chappell and Craig Elefsen attended the Wheatbelt South Regional Road Group Meeting at Wickepin Friday 24 February.

Finall, a special thank you goes to Sandy Armstrong for her help and determination last Thursday, Evan Ayres was due to play at Newdegate Hotel however due to the power outage this was not possible. Sandy asked Evan if he would like to play at Lake Grace Hotel and some 40 people were lucky enough to see him in action. The Shire did aim for three towns to host Evan, and regrets that Newdegate missed out this time due to the power issues.

Chris Paget
Acting Chief Executive Officer

Community Emergency Service

Fire Season Catchup – We saw our usual fires over harvest with a number caused by mechanical issues and a few electrical faults as well as rock strikes. As we moved through summer the lightning strikes started with the Shire largely missing out on the ignition of any majors fire. With the Shire's support I participate on the State Pre-Formed Team roster, which brings together a team of emergency services personnel to support large incidents. This year has seen support to the Kimberley following Ex-TC Ellie (TL06U), the Avon Valley fires and the Hamersley Drive Fire (Fitzgerald NP/Hopetoun). Closer to home the Shire of Lake Grace sent a Task Force of resources from the east down to support the Shire of Ravensthorpe with the Edwards Farm fire in West River, just across our southern boundary.

Additionally, we have noted another exceptionally high occurrence of pole top fires this season with 19 being reported to 000, and approximately 9 additional damaged poles identified by Western Power in their follow-up. Understandably there is increasing frustration being expressed by the community from this impost to their time and availability to power. The local Chief Bush Fire Control Officers have been discussing ways to move forward, applying pressure to Western Power to remediate this issue. We will investigate avenues available through the Shire to support this cause.

Finally, I would like to say thank you to those who have been reporting fires to 000. By doing this it accelerates our ability to mobilise and support incidents within the Shire. Remember, when you call 000 for FIRE, your message is passed on to the local CBFCO and decisions about response are managed locally.

Matt Castaldini
Community Emergency Services Manager

Extended Power Outages

The $120 payment is an acknowledgement of the inconvenience for customers who have experienced a long unplanned outage while waiting for repairs to be completed and restoration of power to occur.

Community Information

Office Open Hours

Monday - Friday 8.30am - 4.00pm
Staff can be contacted by phone between 8am - 5pm

Licensing Payments

All licensing payments are to be made in person at the Shire of Lake Grace Administration office, 1 Bishop Street, Lake Grace, *(please phone ahead to confirm availability)*

Monday to Friday from 8:30am to 4:00pm

As an agency, we process the majority of transactions including: renewals, transfers, number plate orders, boat registration renewals and new licence applications.

With every transaction we perform, we try to offer the best service possible.

We do ask all licensing customers to be considerate, even though we are aware of people being 'locals' it does not exempt us from following the rules set by the Department of Transport.

Driving Assessor

The Practical Driving Assessor (PDA) will be at the Shire of Lake Grace Office on:

Friday - 10 February

Friday - 3 March (to be confirmed)

Bookings are essential for all Practical Driver's Licence Assessments and we advise booking in advance as there is often a waiting list.

All bookings to be made at the Shire office on 9890 2500 until further notice.

Lake Grace has one assessment day each month held on the first Friday of the month. For more information go to: www.transport.wa.gov.au.

Libraries

Lake Grace Public Library School Place Absolon St
Monday - Friday 9am - 5pm
Closed for lunch 12.30 - 1pm

Newdegate Public Library Collier St
Monday - Thursday 8.30am - 4.30pm
Closed for lunch 12noon - 1pm
Friday 9am - 2pm

Lake King Library Newdegate/Ravensthorpe Rd
Tuesday and Thursday 8.30am - 3.30pm

Lake Grace Swimming Pool

Open: Wednesday to Monday 12noon – 6pm
Closed - Tuesday
Early morning swimming:
Monday, Wednesday and Friday from 5.30am - 7.00am

Changes will be advertised on the Shire Facebook page.

Building Surveyor

Building Surveyor, can be contacted through the Shire Office on 9890 2500 or email shire@lakegrace.wa.gov.au .

Town Planning & Building

The Shire's Town Planner consultant Joe Douglas, can be contacted via the Shire on 9890 2500 or email shire@lakegrace.wa.gov.au .

Lake King and Varley
Open every day

Recycling Services

Household Waste Collection is a weekly service and collected each Tuesday for Lake Grace, Newdegate, Lake King & Varley.

Recycling is a fortnightly service and alternates between Lake Grace and Newdegate. See below for the upcoming recycling collection dates.

Lake Grace	*Newdegate*
Tuesday 14 March	Tuesday 7 March
Tuesday 28 February	Tuesday 21 March

Please Note: There is no kerbside recycling collection service in Lake King or Varley.

The recycling bins are collected by Warren Blackwood Waste and transported to a recycling facility. If items which are not recyclable are found the content can't be recycled and the load will be directed to the landfill.

If an item is covered in food, it is not recyclable. Food is one of the worst contaminators in the recycling process. By using the yellow top recycling bin correctly you are contributing, in a combined community effort, to reduce the amount of rubbish that is directed to landfill facilities each year.

For more information on Waste Management visit the Shire's website www.lakegrace.wa.gov.au.

Community Infrastructure Services

Welcome to another edition of the community news, thing have been busy at the shire over the last couple of weeks with many projects commencing.

Staff and contractors have been busy working on:

- Re sealing 7km of Mallee Hill Road
- Sealing preparation of 4.5km on Aylemore Road
- Re sheeting of 3km on Witham Road
- Installation of adult Gym equipment in Lake Grace
- External painting of the Lake Grace Visitor centre
- Installation of footpaths Newdegate
- Works have commenced on the Football lighting tower installation at Lake Grace Oval
- Sign and guide post maintenance in the eastern parts of the shire
- Installation of a new pump in the Lake King rec grounds dam to water ovals

Lake Grace Visitor Centre is having it's first facelift since 2004 and the opening in 2005.

- Maintenance grading throughout the shire
- Garden maintenance throughout the shire
- Building maintenance throughout the shire

Craig Elefsen
Manager Infrastructure Services

Main Street facelift has started. Watch this spot, some changes are coming

Seen a Faulty Streetlight?

Western Power has automated streetlight fault reporting, making it easier to report faulty streetlights.

If a streetlight doesn't turn on, turn off or flickers, let Western Power know using the streetlight reporting tool at: https://westernpower.com.au/faults-outages/report -a-faulty-streetlight/ or call on 13 10 87

Facility Hire

Please contact the Shire to book Shire facilities.
You are required to read the COVID Safety Plan before using the facility.
People, groups, and clubs who hire public buildings are still required to:

- Complete the WA Government Safety Plan
- Register users of the facility
- Monitor entry and exits
- Disinfect surfaces, door handles, table chairs, showers, and toilets regularly.

At the end of the event the requirements are:

- Clean and return tables and chairs to the designated storage area
- Put all rubbish into the outside Sulo bins provided, including rubbish in toilets
- Ensure all stoves and lights are turned off
- Report any damages incurred while hiring the facility
- **Facility is to be left in the same condition as found upon arrival including the floors**
- All external doors are closed and locked

Shire cleaners are responsible for the general cleaning of the facility. They are not responsible for cleaning up after a function.

Please clean and put away everything you use.

St John

NOTICE!!!

Local Sub Centre Membership Renewals are now due!

If you are renewing St John Ambulance will notify you but if you would like to register please contact Gary Guelfi on 0427712014.

Please notify staff that memberships will cover the cost of transport in ambulances withing Western Australia.

Bear in mind that Private Healthcare does not cover this cost!

Agricultural Diesel Mechanic - LAKE GRACE

About the company

With over 50 years in the Agricultural business, multiple branches throughout Southern Western Australia and over 70 staff, we are one of the pillars of WA's Agricultural industry.

Would you like a new and rewarding career challenge?

Why not join a well-established Agricultural Dealership that's family owned and been servicing the great southern for over 50 years?

Farmers Centre 1978 Pty Ltd are currently seeking service technicians to join our busy **CASE IH** agriculture dealerships.

The successful applicants will:

- Have relevant trade qualifications.
- Possess the ability to deliver competent technical support to the customers.
- Have diagnostic experience with electrical and hydraulic systems and circuits.
- Have pride in the work you turn out.
- Be a team player with good communication skills.

What's in it for you?

In return, we are offering flexibility, very competitive salary package, fully maintained company service vehicle, mobile phone, and the chance to develop your professional career.

Accommodation can be arranged if required or you can be a drive-in drive-out.

For more information contact:

Malcolm Harwood on 0429 651 094

Resumes to malcolm@farmerscentre1978.com.au

All applications are handled with the strictest confidence.

Home Care now available in Newdegate
